34th INTERNATIONAL ISTANBUL
BOAT SHOW

23-28 September 2014

Marinturk City Port

Join us at Istanbul Boat Show 2014

Bering's unique focus on building luxury yachtship and expedition yachts of unmatched comfort and sea keeping capabilities brought them on a new level of innovative shipbuilding. With a new shipyard in Antalya, Turkey and four yachts under construction, expansion of shipyard in China, Bering Yachts is experiencing incredible growth.

Bering Yachts will be showcasing the beautiful Bering 60 at the Istanbul Boat yacht show.

For the whole week Bering team will be available to consult with you and discuss your ideas, plans and solutions for building the yacht of your dreams.

Istanbul Boat Show will take place in Marinturk City Port, from 23rd to 28th of September.

Bering's display is located on "A" Dock.

For more information on the show, please visit the show website at boatshow.com.tr/eng/ or contact us at info@beringyachts.com

We hope to see you there!

All Bering yachts have the inherent seaworthiness of the Norwegian commercial trawler, built to withstand the severe storms and icy conditions of the North Sea.

The Bering 60 is part of the Yachtship Series of motor yachts, it combines the exceptional sea keeping performance of the Expedition series while featuring contemporary state-of- art interiors.

Bering allows you to experience made-to order luxury and unique design, combined with safety, comfort of highly customized interiors, and intelligent equipment integration of unprecedented level

A modest draft of 5' 9" opens up shallow water anchorages not accessible by vessels with deeper draft.
